# WELCOME

On behalf of the Skipping Australia Executive Committee, we would like to extend a warm welcome to all the teams participating in the National Skipping Championships 2023, to be held at the Penrith Valley Regional Sports Centre.

It is our great honor to host this event, which brings together the finest skipping athletes from Queensland, New South Wales, Victoria, Australian Capitol Territory, Northern Territory and New Zealand. This competition serves as a crucial step in the journey to the International Jump Rope Union (IJRU) World Championships in Colorado Springs, USA. We are honored to be a part of this exciting lead-up to the world stage, and we wish all athletes the best of luck as they demonstrate their skills and dedication to the sport.

This competition is a lead up to the IJRU World Championships in Colorado Springs, USA, and the stakes are high. The best skippers from each team will be competing in various events, showcasing their impressive skills and techniques in individual, pairs, and team categories.

From the moment you walk through the doors, you will feel the energy and excitement in the air. The sound of ropes slapping against the floor, the cheers of enthusiastic supporters, and the buzz of anticipation is all around you.

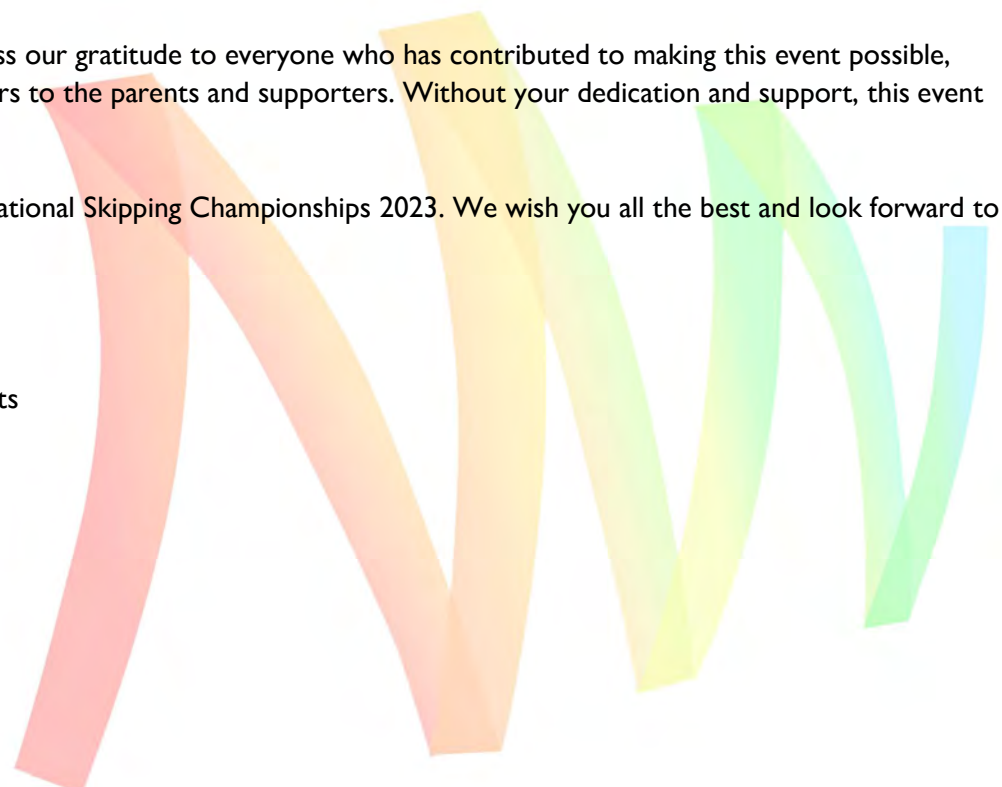

As the Executive Committee, we have worked tirelessly to create a fun, fair, and safe environment for all the athletes. We are committed to ensuring that everyone has the best possible experience, from the opening ceremony to the closing of the competition. We hope that this event will not only showcase the amazing skills of our athletes but also promote the sport of skipping to a wider audience.

To all the athletes, we wish you the best of luck in the competition. We know that you have worked hard to get to this point, and we are excited to see you showcase your skills. Remember to have fun, stay focused, and give it your all.

Finally, we would like to express our gratitude to everyone who has contributed to making this event possible, from the coaches and volunteers to the parents and supporters. Without your dedication and support, this event would not be possible.

Once again, welcome to the National Skipping Championships 2023. We wish you all the best and look forward to a memorable competition.

## Understanding the Program

Ages are determined based on the athlete's age as of December 31 in the year of the competition. Gender categories available in this competition are female, male, mixed and any gender.

- All individual-participant events have a female gender category and a male gender category.
- All junior team/pair events (10&under) have an open gender category (any gender).
- All senior team/pair events (11+) have female, male and mixed gender categories.
- The Team Show event is an "any gender" category, with no requirement on the gender of the athletes.

The MC will announce when athletes should move to the 'marshalling area' to be ready for their events. Athletes should take note of the sessions they are participating in, so they are ready when called for marshalling. It is important athletes compete in the correct station as this is linked to the scoring system.
